Installation Steps

The set up process should be executed by qualified (Certified) engineers.
Step 1.

Before installation, please turn off the power switch.

Step 2.
Connect the fixture's power cables to their corresponding colors of the power source and entwine together. Connect the grounding line to the grounding screw of the grounding devices.

(L) Brown or Black

(N) Blue or White

⏚ Green and Yellow
⏚ Grounding line should be fixed perpetually and not allow to disconnect.

Step 3.
Screw the LED fixture tight onto a wall or a stand and adjust the angle in accordance with individual needs.

* Please use stainless screw to fix holder and make sure screwed tighly.
